

We mobilize local Church volunteers to offer a holistic approach to caring for people in all areas of life: spiritual, emotional, relational, and physical.

How Love INC Works

Request - Our **CONNECTION CENTER** receives requests for help from area agencies, Churches, individuals, or families needing assistance and resources.

Assess & Verify – The nature, extent and legitimacy of the request is determined through an intake (over the phone) and calling references.

Refer & Resource – The need may be served through a Love INC ministry or referred to a local Church or agency. Resources are provided through our diaper, furniture, and transportation ministries and the **CONNECTION CENTER** provides vouchers for clothing and housewares at our resale store, **RENEWED TREASURES**.

Relationship – Those we serve are invited into more relational support and life transformation through the help of a volunteer Navigator or enrollment in our **IMPACT** ministry.

Follow-Up – We offer hope and encouragement through follow-up calls, prayer and continued support for new challenges.
